Career Guidance and Counselling – Feedback & Support Form

This form is designed to understand students' career interests, challenges, and counselling needs. The information collected will help the Career Guidance and Counselling platform provide personalized support, resources, and guidance

1. What is the primary goal of a career guidance and counselling platform?

   ○ To entertain students

   ○ To help students make informed career decisions

   ○ To replace teachers in schools

   ○ To provide only job postings

2. Who can act as the main users of the platform?

   ○ Students, Counsellors, Admin

   ○ Only Teachers

   ○ Only Job Recruiters

   ○ Only Government Officials

3. Which feature should the platform include to connect students with counsellors?

   ○ Chat/Video Call/Booking Sessions

   ○ Online Gaming

   ○ Online Shopping

   ○ Music Streaming

4. What role does the Admin play in this platform?

   ○ Manage career resources, connect students with counsellors, track user engagement

   ○ Teach students directly in class

   ○ Apply for jobs on behalf of students

   ○ Only manage payment transactions

5. Which of the following resources are MOST useful for students on this platform?

○ Career roadmaps, Aptitude tests, Articles

○ Sports highlights

○ Movie reviews

○ Fashion trends

6. How can personalization be achieved in a career counselling platform?

○ By offering random career suggestions

○ By using aptitude & interest assessments

○ By suggesting the same career to all students

○ By ignoring student data

7. Which technology feature can improve career counselling online?

○ AI-based career recommendations

○ Online shopping cart

○ Food delivery system

○ Social media memes

8. Why is user engagement tracking important in the platform?

○ To know which students are active and improve services

○ To monitor entertainment preferences

○ To sell products to students

○ To check school attendance

9. What future feature can make the platform more effective?

○ Integration with job/internship postings

○ Adding online gaming

○ Adding movie ticket booking

○ Removing counselling sessions

10. Which of the following ensures data privacy for students?

○ Secure login and encrypted communication

○ Sharing student data publicly

○ Allowing counsellors to sell data

○ Openly displaying student details

11. Which communication method is MOST effective for online career counselling?

○ Video conferencing

○ Paper letters

○ Television broadcasts

○ Radio announcements

12. What is the advantage of integrating aptitude tests in the platform?

○ Helps personalize career recommendations

○ Only increases website traffic

○ Replaces counsellors completely

○ Distracts students from studies

13. Which feature is LEAST relevant for a career counselling platform?

○ Career assessments

○ Resume building tools

○ E-commerce shopping

○ Skill development resources

14. What type of data should be protected most carefully in such a platform?

○ Student personal details and counselling records

○ Public advertisements

○ News articles

○ Music playlists

15. Which of the following can be used to match students with suitable counsellors?

○ Student's interests, career goals, and skill set

○ Random selection of counsellors

○ Availability of free counsellors only

○ Counsellors' personal preferences

16. Why should the platform provide information about multiple career paths?

○ To allow students to explore options before making decisions

○ To confuse students

○ To reduce the role of counsellors

○ To save storage space

17. Which role is responsible for updating career-related resources in the system?

○ Admin

○ Students

○ Parents

○ External advertisers

18. What feature can improve student engagement on the platform?

○ Gamified quizzes and rewards

○ Complicated registration forms

○ Delayed counsellor responses

○ Unverified information
